in the FD-504 and seal the FD-504 in the same
fashion that the original tape box was sealed.

TO FURTHER ASSURE PROPER LEGAL CHAIN OF CUSTODY
IS MAINTAINED, print the following information
on the FD-504:

- 2827 Sub N
- (a) New York file number, "NY 183A-~~2455~~"
 - (b) Name of case agent
 - (c) Name of agents supervising interceptions
 - (d) Check "court order authorizing interception" and
after "(T-III)" set out the SDNY number (____). b3
 - (e) Note the date and period of interception contained
in reel (____) which should correspond
with tech log times.
 - (f) List the place of interception (____)
 - (g) List the names of all persons overheard by true
first and last name, if known, or by alias. If you
only know the first or last names, list part of the
name known with appropriate use of First Name Unknown
(FNU) or Last Name Unknown (LNU). (e.g. Frank LNU or
FNU Jones)
 - (h) List the reel number that is enclosed
 - (i) Then sign under "accepted custody" setting forth
date and time you did so and list the reason as
"evidence". You will execute the "released
custody" section in the same fashion when the
tape is picked up at the end of your shift.

- 4. This S.A.S. should be attached by paper clip to the top page tech log sheet.
- 5. The STATISTICAL ANALYSIS SHEET does not go into the FD-504. However, once you have completed it you may initial each tech log page utilized.

(IV) When turning tape machine "on" and "off:"

- 1. Be sure to note "time on" in log.
- 2. Be sure to BRIEFLY SUMMARIZE ALL CONVERSATIONS INTERCEPTED (REGARDLESS OF WHETHER YOU "TURN OFF" AND STATE "NON-PERTINENT" inasmuch as what appears non-pertinent at time of interception may later be deemed pertinent. Therefore, do not simply listen and state "non-pertinent" without setting forth indication of why you feel it is non-pertinent).

3. Keep in mind you must set forth under "summary" heading, reasons for turning machine on and off.
4. Indicate pertinent conversations by use of large asterisk (*) in the "time off" column.

(V) When agents assigned to a shift rotate in the monitoring of the wire (e.g., three agents assigned and two monitor with the third "swing" agent relieving one of the other two monitoring agents) this must be noted in the tech log (e.g., "12:02 AM SA [redacted] - SA [redacted] n").

b6
b7C

(VI) If machine malfunctions and cannot record when a conversation is intercepted, you should make a good faith attempt to:

- (a) keep a contemporaneous handwritten recording which is as near to a verbatim transcript as is possible under the circumstances of the interception.
